PATENT APPLICATION

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of: Glenn G. Strawder

S.N.: 09/865,696

Filed: 05/29/2001

Titled: A Method For Monitoring Radiology Machines, Operators and
Examinations

SUPPLEMENTAL SHOWING IN SUPPORT OF THE PETITION TO REVIVAL
OF AN APPLICATION FOR PATENT ABANDONED UNINTENTIONALLY
UNDER 37 CFR 1.137(b)

Honorable Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear sir:

As has been shown, the content of this application has been published, see the publication fee which I paid as the proof that the invention has been published. Therefore, if applicant were to file a new application, it would be barred. The PTO has published the invention. Hence, the world would have free use of this invention unless this application is revived and a patent granted.

Respectfully,

Inventor
